Dear Colleague:

Thank you for your interest in the Southern California Drug Metabolism Discussion Group.

In the Southern California area, there are many scientists working on drug metabolism in both academic and industrial settings. This represents a tremendous resource of talent and information that can be shared for the public good. To take advantage of this resource, we founded a steering committee and established the Southern California Drug Metabolism Discussion Group (SCDMDG).

The SCDMDG is planning its Fall 2009 meeting with keynote speaker Dr. Paul Hollenberg in San Diego on Tuesday, October 6, 2009. By way of introduction, Dr. Paul Hollenberg is:

Professor and Chair of the Department of Pharmacology,
University of Michigan Medical School
University of Michigan, Ann Arbor, MI

Currently, we are accepting sponsorships for the October 6, 2009 meeting and solicit your company's interest.

The SCDMDG has registered as a tax-exempt non-profit entity (EIN 57-1177117).

On behalf of the SCDMDG Steering Committee, I thank you again for your support and look forward to your attendance at the Fall 2009 meeting and at future meetings.

Sincerely,

John R. Cashman, Ph.D.
Chairman
