

SOUTHERN CALIFORNIA DRUG METABOLISM DISCUSSION GROUP

September 10, 2010

Dear Colleague:

Thank you for your interest in the Southern California Drug Metabolism Discussion Group.

In the Southern California area, there are many scientists working on drug metabolism in both academic and industrial settings. This represents a tremendous resource of talent and information that can be shared for the public good. To take advantage of this resource, we founded a steering committee and established the Southern California Drug Metabolism Discussion Group (SCDMDG).

The SCDMDG is planning its Fall 2010 meeting with keynote speaker Dr. Jerry Galluppi in San Diego on Tuesday, October 5, 2010. By way of introduction, Dr. Jerry Galluppi is:

Director of Pharmacokinetics, Metabolism, and Pharmacodynamics
Biogen Idec
La Jolla, CA

Currently, we are accepting sponsorships for the October 5, 2010 meeting and solicit your company's interest.

The SCDMDG is registered as a tax-exempt non-profit entity (EIN 57-1177117).

On behalf of the SCDMDG Steering Committee, I thank you again for your support and look forward to your attendance at the Fall 2010 meeting and at future meetings.

Sincerely,

John R. Cashman, Ph.D.
