Dear Colleague:

Thank you for your interest in the Southern California Drug Metabolism Discussion Group.

In the Southern California area, there are many scientists working on drug metabolism and drug development in both academic and industrial settings. This represents a tremendous resource of talent and information that can be shared for the public good. To take advantage of this resource, we founded a steering committee and established the Southern California Drug Metabolism Discussion Group (SCDMDG).

The SCDMDG is planning its Spring 2012 meeting with keynote speaker Dr. Nabil Hanna in San Diego on Tuesday, April 10, 2012. By way introduction, Dr. Nabil Hanna was:

Executive Vice President of Research  
Biogen Idec Inc.  
La Jolla, CA and Cambridge, MA

Currently, we are accepting sponsorships for the April 10, 2012 meeting and solicit your company's interest.

The SCDMDG has registered as a tax-exempt non-profit entity (EIN 57-1177117).

On behalf of the SCDMDG Steering Committee, I thank you again for your support and look forward to your attendance at the Spring 2012 meeting and at future meetings.

Sincerely,

John R. Cashman, Ph.D.  
Chairman
